

Event-at-a-Glance

	Monday - Tuesday August 3 - 4	Wednesday - Thursday AM August 5 - 6	Thursday PM - Friday August 6 - 7
STREAM #1 Cell Culture & Cell Line Development	Optimizing Cell Culture Technology	Bioproduction: Scale, Bioreactors & Disposables	Optimizing Cell Line Development
STREAM #2 Formulation & Downstream Processing	Overcoming Formulation Challenges for Biopharmaceutical Development & Manufacturing	High-Concentration Protein Formulations	Advances in Purification Technologies
STREAM #3 Analytical & Quality	Rapid Methods to Assess Quality & Stability of Biologics	Early Analytical Development for Biotherapeutics	Virus Detection, Clearance & Safety of Biologics
STREAM #4 Process Innovations & Cell Therapeutics	Cell Therapy Bioproduction	Continuous Processing	Advances in Purification Technologies
STREAM #5 Regulatory & Risk Management	Bioprocess Quality and Regulatory Compliance	Training Seminar: Current & Emerging Global Regulatory Expectations for Analytical Elements of Biotechnology/Biosimilar Products	Virus Detection, Clearance & Safety of Biologics
Cambridge Healthtech Training SEMINARS	<p>Introduction to Bioprocessing</p> <p>Introduction to Extractables & Leachables & Packaging</p>	<p>Introduction to Cell Culture</p> <p>Design of Experiments (DoE) for Bioprocess Analysis</p> <p>Current & Emerging Global Regulatory Expectations for Analytical Elements of Biotechnology/Biosimilar Products</p>	<p>Bulk API</p> <p>Introduction to Lyophilization</p> <p>Introduction to Analytical Method Development & Validation for Therapeutic Proteins</p>
	SHORT COURSES Monday, August 3	DINNER SHORT COURSES Wednesday, August 5	DINNER SHORT COURSES Thursday, August 6
